You have saved our lives. I paid off my car in December, paid for flights over seas. And showed in my own actions how to save by not buying food at work. My boyfriend has now started paying off his debts and saving money. And we are encouraging each other. We still splurge every now and again for the hard work. But not as often. Thank you! You have thrown the sadness in the bin 😊😊

😊👏👏👏👏👏👏👏👏👏👏 cheers!

Adel's ideas have inspired us so much, we paid of a 20k credit card by just making some decisions based on Adel's Facebook posts. Great work Adel
