Disclaimer: All information presented in the above table is indicative in nature and may change without further notice. Please refer to the individual higher education provider for specific information about their postgraduate (or undergraduate degree) offerings. Please note that this comparison is not exhaustive and there are other approved degree programs that meet the government education standard for new entrants. These include Griffith University, University of Tasmania, University of Technology Sydney and Western Sydney University. Click [here](#) for relevant links for those providers. The FAAA will update this document upon receipt of information from new and existing FAS-approved Financial Planning programs. You may also refer to the [Corporations \(Relevant Providers Degrees, Qualifications and Courses Standard\) Determination 2021](#) legislation for full details about the various approved degrees and credit that is given to existing advisers.
