

Cause	Program	State	Summary
<b>Food Education Australia   The Big Feed</b>	Family Food Finance Program	NSW	Family Food Finance is designed to improve food security among low-income households, helping them to adopt smarter food spending habits using various financial literacy skills. Through engaging workshops, the program will teach single mums how to budget effectively, manage their expenses, make smart food choices and use digital tools to help them become more financially stable in the short term, but also lay the groundwork for sustained financial health.
<b>House of Sadaqa</b>	Financial Literacy Program	NSW	The Financial Literacy for Young Australians program by House of Sadaqa equips youth, especially those from low-income and disadvantaged backgrounds, with essential financial knowledge and skills. Aimed at Australians under 25, the program covers critical financial topics such as budgeting, saving, debt management, and responsible spending. By providing practical, hands-on workshops, this initiative builds a strong foundation for financial independence and resilience, empowering participants to make informed financial decisions for a secure future.
<b>MoneyMob Talkabout</b>	Financial Literacy Training Program	NT	MoneyMob Talkabout's Financial Literacy Program empowers individuals in remote and regional communities with essential financial skills. Designed for inclusivity, this program breaks down barriers of geographic remoteness, literacy and numeracy, ensuring all participants can gain confidence in managing their own money story. The program aims to build a foundation for financial resilience and independence across First Nations and remote communities.
<b>Broken to Brilliant</b>	Financial Superwomen Outreach Program	QLD (Online)	The goal of Financial Superwomen is to educate and empower female survivors of domestic violence to be financially secure and stable.

			<p>The Financial Superwomen Online Workshops were launched in March 2024. These live sessions take place each fortnight and cover topics such as financial wellness, navigating financial hardship &amp; financial planning (to name a few).</p> <p>The Future2 Grant will enable this program to reach a wider audience and have an even greater impact.</p>
<b>Wise Girls Money</b>	Wise Girls Money Program	QLD	<p>This interactive online course and 6-week live coaching program helps women gain financial literacy and develop practical investment skills. Learning how to become financially competent is the gateway to emotional and mental wellbeing and the key to a secure and safe financial future.</p> <p>Wise Girls Money Academy is a social enterprise where profits are donated to the Charity of Financial Fitness for Women – supporting Australian teenagers and disadvantaged young women to stay at school and complete their education, and women leaving abuse to start again.</p>
<b>Ruby Tuesday Foundation Limited</b>	Education Program	SA	<p>The Ruby Tuesday Foundation connects disadvantaged children and youth who would otherwise miss out, with amazing opportunities to take part in educational and extracurricular activities.</p> <p>Their Education Program, in qualifying low socio-economic schools, and the Future2 grant will ensure that the program can be delivered to disadvantaged students in 2025.</p> <p>Ruby Tuesday Foundation believes in creating bright futures filled with opportunities and possibilities. When children feel emotionally and physically supported, they can truly thrive in the classroom and in life.</p>
<b>Athenie's Angels Aus Ltd</b>	<b>Understanding &amp; Managing Your Financial Health</b>	VIC	<p>Understanding &amp; Managing your Financial Health Program educates participants on fundamental financial concepts such as taxes, savings, pensions, bill planning, and debt management. It aims to empower individuals to take control of their finances, boost their confidence, and alleviate mental stress caused by financial insecurity.</p> <p>By bridging the gap between mental health and financial literacy, UMFH program aims to support individuals in need and guide them towards a path of financial stability and improved mental well-being.</p>

<b>Mandy Money</b>	Real Life: Practical Milestones Learning for young people navigating the real world	VIC	<p>Mandy Money is Australia’s favourite Money SmartFriend, empowering young Aussies through school and university education programs. Nominated by Rob Pizzichetta of Mont Wealth, the awarded fundswill support a new financial education program called Real Life. This program provides just-in-time financial support for 15-25-year-old Aussies.</p> <p>Real Life is a series of short, action-focused modules.Each digital module guides a young person through akey money milestone. For example, buying a car, moving out, or doing taxes for the first (or second) time. Each milestone helps them understand the money task at hand and what steps to take. By providing support when needed, Real Life will help thousands of young Aussies make better decisionsand take confident financial action.</p>
<b>Variety - The Children’sCharity of Victoria</b>	<b>Variety Future Leaders Program</b>	VIC	<p>The Variety Future Leaders Program empowers Victorian youth aged 13-18 who live with disability, illness, or disadvantage, helping them build essentialskills for leadership and personal development.</p> <p>Running throughout the school year, the program includes six interactive sessions, a city camp, and anawards presentation, supporting 25 participants from diverse backgrounds in each cohort. With training in public speaking, financial management, advocacy, and personal branding, young leaders gainthe confidence and skills needed to break down barriers and thrive. By fostering self-confidence andleadership, the program creates a lasting impact on participants, their families, schools, and communities, paving the way for a more inclusivefuture.</p>
<b>Kids in Philanthropy</b>	Pitch for Change: Building Financial Literacy through Philanthropy	VIC	<p>Building Financial Literacy through Philanthropy is an engaging program by Kids in Philanthropy that equips young Australians (ages 5-12) with essential financialliteracy skills while fostering empathy, social responsibility, and a commitment to philanthropy.Through hands-on activities, 270 students across three Melbourne schools explore foundational financial concepts like earning, saving, budgeting,and donating, preparing them to make impactful financial decisions.</p> <p>Through Pitch for Change, students gain lifelongfinancial skills and the motivation to use their knowledge for the greater good.</p>

<p><b>The Dyslexia-SPELD Foundation</b></p>	<p>Improving Student Confidence in Maths.</p>	<p>WA</p>	<p>The 'Improving Student Confidence in Maths Program' is a targeted, short-term, early intervention program for students at risk of mathematics difficulties and early mathematics anxiety.</p> <p>It is now well understood that low functional skills in mathematics leads to poorer academic, employment, economic and health (including mental health) outcomes. We also know that the development of financial literacy is a critical skill that is highly dependent on both the knowledge and confidence that begins to take shape in the early years.</p> <p>The ten-week program will be delivered to small groups of students who have been identified as having poor foundational skills and who are already presenting with elevated levels of maths anxiety.</p>
<p><b>Yourtoolkit.com</b></p>	<p>Data Analysis Informing Family and Domestic Abuse Services</p>	<p>WA</p>	<p>Yourtoolkit.com was built to support women and children facing family and domestic violence, often isolated and alone behind closed doors where the abuse occurs.</p> <p>The Data Analysis Project would provide insight into the experience of victim survivors of domestic abuse across Australia through interrogation of the anonymous data collected through the interactive features of Yourtoolkit.com's online resource, including its Financial Independence tool.</p>
